introduction

Offices to Go™, a division of Global Furniture Group has been a primary source of value-minded office furniture solutions since its inception in 2007.

We offer a wide variety of products including seating, desks, tables, files and ergonomic accessories. Offices to Go products offer high-value and are built to commercial quality standards to protect your long-term investment.

Most models are Canadian made, while others are imported. In both cases, all Offices to Go products are manufactured exclusively in certified factories and have been tested in compliance with ANSI and BIFMA standards. We are committed to producing products in the most sustainable ways and ensuring they pass strict quality testing.

Seating - Offices to Go chairs provide exceptional comfort and design. Choose from a variety of multi-purpose, task, mesh, management, leather and guest chairs to complete any office environment.

Offices to Go seating is available in a variety of upholstery options which are specific to each series. Please see individual series details for available textiles, colors and graded textile options.

Desks + Tables - Offices to Go Newland casegoods combine form with function to support a wide range of workplace applications. From private offices to collaborative spaces, boardrooms or reception areas, Newland offers solutions that will exceed your expectations and keep you on budget.

Filing - Offices to Go offers a range of cost-effective filing and storage solutions to help you stay organized. Available sizes, mobile options and finishes easily adapt to any office or personal workspace.

Offices to Go product assembly is designed to be quick and simple. Products come with easy to follow instructions and detailed photographs.

Offices to Go products are covered by Global's Warranty (Limited Lifetime with 5-year or 2-year exceptions). Weight capacity information will be shown accordingly in the series notes and literature. See page 146 for warranty details.

ERGONOMIC FEATURES & BENEFITS

EACH GLOBAL CHAIR IS BUILT WITH FEATURES THAT ARE ERGONOMICALLY DESIGNED TO PROMOTE GOOD POSTURE AND PROVIDE MAXIMUM COMFORT. WHILE FULLY SUPPORTING YOUR BODY, THESE FEATURES SHOULD ALSO ALLOW YOU TO ADJUST YOUR CHAIR TO FIT YOU.

TENSION ADJUSTMENT

Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

CHAIR TILT LOCK

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (Can be either single position, multiple position or infinite position.)

SEAT HEIGHT

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

BACK/LUMBAR HEIGHT ADJUSTMENT

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

SEAT DEPTH

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees. Can be sliding (MD) or manual.

SEAT ANGLE ADJUSTMENT

Allows chair to tilt forward changing the angle of your thighs in relation to the floor. Helps reduce disc pressure during forward leaning tasks.

BACK ANGLE ADJUSTMENT

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

ARM HEIGHT

Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

KNEE-TILT MOVEMENT

Chair tilts from a pivot point at the front of the seat, keeping your feet on the floor as you rock. Maintains stability.

SYNCHRO-TILT MOVEMENT

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

WATERFALL SEAT EDGE

Reduces pressure at the back of your knees, contributing to good blood flow.

CONTOURED CUSHION

Supports the body effectively, allowing you to sit longer without discomfort.

VIBRATING SEAT & BACK

Soothing effect contributes to your relaxation during work breaks.

WIDTH ADJUSTABLE ARMS

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular efforts in neck and shoulders.

ARM ROTATION

Rotate armcaps to support your forearms in various positions. Reduces muscular effort in neck and shoulders minimizing risk of pain.

CENTER TILT

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

SOFT DESCENT PNEUMATIC LIFT

Gently and gradually lowering the seat helps you easily select proper seat height without causing a jerking motion.

LUMBAR DEPTH ADJUSTMENT

Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

MAXIMIZING YOUR ERGONOMIC SEATING

- Always select a chair that is designed for the type of work you perform and make certain the chair is comfortable for the length of time spent using it.
- Ensure that the seat and back cushions are contoured to fit your body, which will help eliminate pressure points.
- An ergonomically designed chair should allow changing positions easily.
- As you work, reposition yourself throughout the day to reduce strain and stress on specific muscle groups. If you change job functions, adjust your chair to fit the new task.
- Proper ergonomic seating should help eliminate many of the work related injuries that result from poor posture and poorly designed chairs.

CRAFT TABLES

STANDARD FEATURES

- Craft tables are the perfect partner to Craft seating products in creating casual meeting solutions for today's workplace and learning environments.
- Overtables are designed to overlap Craft seating units or to be used alone. Overtables are easy to move wherever needed.
- Coffee and side tables provide a convenient place to set your drinks, a light lunch or your personal devices during an impromptu discussion.
- Coffee and side tables help to anchor a space and provide nesting spaces to keep the area tidy when mobile Craft cubes are not in use.
- Side tables are optional with cutouts to accommodate to power or USB charging modules. Modules to be ordered separately.

FINISHES

- Docking tables may be ordered in any of the standard laminate finishes below; including two-tone where the top is in one finish and the base in another at no upcharge.
 - Overtable tops may be ordered in any of the standard laminate finishes below. Legs in are Chrome finish only.

CONSTRUCTION

- **Docking tables:**
 - 1" thick thermally fused laminate surfaces with 2mm thick matching edgeband.
 - Equipped with levelers for uneven surfaces.
 - When square cubes are fully nested, the cubes extend 3" beyond the perimeter of the laminate as an invitation to be pulled out and used again.
- **Overtables:**
 - 1 1/8" thick thermally fused laminate top with matching self edge.
 - 1/2" diameter steel wire legs. Legs include clear polycarbonate glides.
 - Sized to overlap Craft seating.

BENCHING SOLUTIONS

GENERAL INFORMATION

- Simplified benching solutions, double-sided straight line applications.
- Meets all applicable ANSI/BIFMA X5.5 desking standards.

WORKSURFACES

- 1" thick thermally fused laminate with matching 2mm thick edge band; 45 lb. density particle board core.
- Available in all the Ionic benching laminate finishes.
- Worksurfaces are equipped with factory installed inserts for a metal-to-metal leg connection.

METAL LEGS

- 2" square tube post legs with 1" x 2" cross bar in an H-leg configuration.
- Available in Black (**TBL**), Designer White (**TDW**) or Tungsten (**TTU**) paint finishes, Sandtex finish applied for durability.

BENCHING KITS

- Kits have been created for ease of specifying and ordering; each kit also includes all the necessary hardware for installation.
- **Freestanding** dual sided table desks include two worksurfaces with support stiffeners and two legs for end conditions.
- **Quad** pack dual sided table desks include two dual sided table desks - four workstations consisting of four worksurfaces with support stiffeners, two end legs and one middle leg for shared condition between two side-by-side top sets.
- Quad packs may be extended with **extender kits** consisting of two worksurfaces with support stiffeners and one leg for shared condition between two side-by-side tops sets. Extender kits are to be installed in the middle position(s) sharing a leg between side-by-side top sets.

PRIVACY SCREENS

- 2.5" center gap between dual sided table desks accommodates privacy screens.
- Privacy screens are available in fabric wrapped and PET Felt options. Refer to Newland privacy panels on pages 110-111.
- Recommend privacy screens be 6" shorter than the worksurfaces. For example, if worksurfaces are 60"W, use 54"W privacy panels.
- Adapter brackets are required to mount the privacy screens between dual sided table desks.

CABLE MANAGEMENT

- Wire cable management baskets are available to provide cable management and/or lay-in capability for power distribution solution.
- Cable baskets are to be installed on the underside centered between tops on dual sided table desks.

GROMMETS

- Tops for all kits are standard with no grommets.
- Optional grommets are available in standard worksurface locations. One option per kit may be specified; all tops in each kit ordered will have the same grommet position. Order as: **FOG1**, **FOG2** or **FOG3**. **Add \$192** for freestanding (MLxxxxDST) and extender (MLxxxxDSE) dual sided table desks. **Add \$383** for quad pack dual sided table desks (MLxxxxDSQ).

- FOG grommet cap and sleeve may be removed on-site to accommodate Cove mini power unit MVCOVSM2B/S as an alternative to bring power and/or USB charging to the desktop (see page 127).

Textiles & Finishes

Care and Cleaning

Textiles

Fabrics: To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface.

For light soiling, use a damp cloth and blot the spot with very light pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent. Always test fabric first in an unseen area before using any cleaning method.

Luxhide bonded leather: For regular cleaning, simply use a soft damp cloth, taking care not to soak the leather. For more thorough treatment, soak a soft cloth in a mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Hard Surfaces

Laminate & painted metal finishes: Wipe the surface with a clean soft damp cloth; if needed, a mild soap solution (i.e. Ivory dishwashing liquid) can be used. To prevent streaks, dry the surface with a clean dry soft cloth moving in a circular motion.

-
- **Water-based cleaner (W):** Spot clean, using the foam only from a water-based cleaning agent, such as a mild detergent or non-solvent upholstery shampoo product. Apply foam with a soft brush in a circular motion. Vacuum when dry. Pretest small area before proceeding.
 - **Solvent cleaner (S):** Spot clean, using a mild water-free solvent or dry cleaning product. Clean only in a well-ventilated room and avoid any product containing carbon tetrachloride or other toxic materials. Pretest a small area before proceeding.
 - **Water/solvent cleaner (WS):** Spot clean with a mild solvent, an upholstery shampoo, or the foam from a mild detergent. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well-ventilated room. Avoid any product that contains carbon tetrachloride or other toxic materials. With either method, pretest a small area before proceeding.
 - **Vacuum only (X):** Clean this fabric only by vacuuming or light brushing to prevent accumulation of dust and grime. Water-based foam cleaning agents of any kind may cause excessive shrinking, staining, or distortion of the surface pile and therefore, should not be used.
 - These recommendations and codes were developed by fabric specialists. However, because of the various ways fabric can be stained or damaged, there is no guarantee that the results will be completely successful. Use suggested methods on your own responsibility. To help prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Use professional furniture cleaning service when overall soiled condition has been reached.

OFFICES TO GO TERMS AND CONDITIONS

Offices to Go (OTG) is a division of Global Furniture Group ("Global") focused on providing high-value products for the budget minded business. This illustrated list price book has been designed to facilitate fast reference and easy use. Products are categorized into "seating", "desks + tables", "accessories" or "filing" and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of OTG products are made only on Global's standard Terms and Conditions of sale which are contained in this list price book. The "Purchaser" in these Terms and Conditions shall refer to Dealers and those who originally purchase directly from Global for use or re-sale. These standard Terms and Conditions may be modified or supplemented only by a separately written document signed by Global's authorized personnel at its head office in Toronto, Ontario, Canada. Any term or condition contained in any purchase order or other form used by the Purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global's standard Terms and Conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this list price book are based on the latest product information available at time of publication. Global reserves the right to make changes at any time and without prior notice to prices, colors, materials, specifications and models offered.

Description

Each product shown or described in this list price book is standard OTG product. Available options are noted at the beginning of each series. Available options may require additional delivery time and cost, and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

Prices and Payment

The prices shown in this list price book as well as those quoted by Global, are in Canadian dollars for orders shipped to destinations in Canada.

If shipping date requested is more than 90 days from date of order, Global shall reserve the right to use published list prices effective at time of shipment.

Orders are invoiced at time of shipment. Terms of payment are net 30 days from date of invoice unless otherwise stated. The Purchaser agrees that Global shall reserve the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If the Purchaser's most recent annual net volume is less than \$5,000, Global may suggest payment be made in advance.

All orders are subject to the Purchaser complying with Global's prevailing credit policy.

Any products sold by Global shall remain the property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep the Purchasers up-to-date on all developments including price changes.

Taxes

All prices shown in this list price book are exclusive of sales, use, excise, HST and other applicable taxes and duties which may be the Purchaser's responsibility as per the invoice issued by Global. If the Purchaser claims an exemption from such taxes, it shall be the Purchaser's responsibility to furnish Global with an appropriate exemption certificate at time of order.

Ordering Information

Global requires that all orders be submitted in writing and will be acknowledged on Global's acknowledgement forms governing the transaction.

The details appearing on this acknowledgement will describe the items to be shipped and the approximate shipping date. It is the Purchaser's responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the Purchaser must notify their Global Customer Service representative immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the items having the longest manufacturing lead time (unless instructed to partial ship).

At time of order, please provide the following information:

1. Account number (if possible)
2. PO number
3. "Bill to" and/or "Ship to" and name and address
4. Complete model number and selected options including textiles/finishes
5. Special instructions and tag information
6. Shipping instructions, please indicate:
 - a. pick up
 - b. Global trailer program
 - c. common carrier, provide name of carrier, your account number

The above points will be checked by Global for accuracy. Global will process orders using the codes provided by the Purchaser. Price discrepancy is the responsibility of the Purchaser. The Purchaser must notify Global prior to invoicing.

The Purchaser is responsible for providing correct information at time of order. If no option(s) are selected the system will default to standard feature(s). Orders with missing/incorrect information (finish, etc.) will be put on hold until all information is complete. Orders will be scheduled for manufacturing upon receipt of complete information.

Changes and Cancellations

After the date of Global's acknowledgment of the Purchaser's order, the order may not be changed or cancelled by the Purchaser without the written consent of Global. Textile-covered items are considered to be in production once the textile is scheduled for cutting. Other standard items already in production are subject to a minimum 35% cancellation charge.

Errors and Omissions

All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

Casters

The list price book specifies the caster which comes standard with each chair model. Most chairs are equipped with C9 or C65 casters which are best used on carpeted surfaces. If it is intended to use the product on hard surfaces such as ceramics, concrete, linoleum or hardwood, it is recommended to use different casters. It is the responsibility of the customer to determine the standard caster for a particular product and whether such caster is appropriate for the given application.

File Finishes

There is no upcharge on any standard file finish, minimum order quantity is 10 pieces. Any non-standard file finish must be approved by Global prior to acceptance of order and may be subject to an upcharge.

An upcharge of 10% will apply to Metallic, Mica, Tungsten and any non-standard White finishes regardless of the number of units ordered.

Upholstery Coverings

Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

Weight

For seating products, unit weight and carton weight are provided. For casegood products, carton weight is provided.

Delays

Global's order acknowledgment will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to the Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global will not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgment where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Global.

Free on Board (FOB)

FOB point is Global's Factory, Toronto, Ontario, Canada.

Courier Type Shipments

This symbol is used to indicate that the adjacent product can be sent by courier type shipments, such as Federal Express, Purolator, CanPar and UPS.

Shipping

The Purchaser must select, at time of order, one of two methods of freight payment. Global will make no end-user shipments unless special arrangements have been made.

1. FOB point of shipment, freight collect - pick up and common carrier.
2. FOB point of shipment, freight prepaid and invoiced to the Purchaser - Global Trailer Program.

All deliveries are dock to dock.

Service

Service requests are normally the responsibility of Global's authorized Dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department.

Global/Express (Canada)

Tel: (905) 660-5101 or 1-800-567-8901

Fax: (905) 660-4759 or 1-800-375-5134

Global International

Tel: (416) 661-3660

Fax: (416) 661-661-0983 or 1-877-585-5579

Returns

No returns of goods will be accepted without written consent and shipping instruction from Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (RGA) numbers must appear prominently on all authorized returns. Global will not be responsible for return freight costs. No credit will be given if goods cannot be reused as new. Special order items, non-stock items and COM products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Service. Global reserves the right to refuse delivery of any unauthorized returns.

Claims

All goods are sold FOB plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the Purchaser, in writing, within 15 working days after any delivery. Failure by the Purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

Suspension

In the event that the Purchaser defaults in the payment of any sum due to Global, or in the event the Purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the Purchaser provides assurance of payment to Global.

Copyright

All catalogs, photographs, drawings, list price books and other printed materials are protected by copyright. All rights reserved.

Trademarks

All trademarks are owned by Global Furniture Group.

Designs and Patents

Many of the products produced by Global are protected by design registrations, design patents and/or patents. Design and specifications are subject to change, discontinuance or additions without notice.

For a full listing of issued trademarks, please visit officestogo.com.

Cubic Measure

The stated volume is an approximate cubic foot measure that may be used to calculate freight costs. The figure shown is the total shipping volume of a unit (e.g. if a part is sent in 2 cartons the volume indicated reflects both cartons together) and is subject to change without notice. It is most economical to purchase the specified number per carton.

Combined Shipments

Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such requests are not complied with.

Offer of Sale

Possession of this list price book or any other literature shall not imply the company's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current pricing found on Global's website, then the most current shall prevail.

Testing Qualifications

Many Global products pass or exceed the most stringent industry testing standards.

Disclaimer

Metric dimensions are provided for reference only. In the event that there is a discrepancy between imperial measurements and metric measurements, imperial measurements shall prevail. Prices shown are current manufacturer's suggested list prices at time of printing. Updated pricing is available on Global's website. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

Fire Rating

The state of California recently repealed CAL TB133, but requests for it may still occur until local fire codes are updated and/or a national standard is declared. Global will no longer test products to meet CAL TB133.

The industry is supporting the adoption of CAL TB117-2013 as the accepted fire standard and will be what Global can support.

CAL TB117 outlines performance standards and methods for testing the smolder resistance of cover textiles, barrier materials, filling materials and decking materials used in upholstered furniture. This is done by a "cigarette test".

CAL TB117-2013 does not require a fire blocker or any additional components to achieve the rating. All Global foams and textiles (carded & GPM) meet CAL TB117-2013 requirements without any harmful chemicals. Global can provide third party CAL TB117-2013 certifications upon request for any textile or foam by model.

Often the Fire Marshal will request 'NFPA 261', however, this is not a test required by our industry or provided by Global. CAL TB117-2013 is the equivalent and can be accepted at the discretion of the Fire Marshal.

WARNING - SEATING PRODUCTS TO PREVENT PRODUCT FAILURE AND POSSIBLE INJURY:

Ensure that the appropriate selection is made for the intended use of the chair including user's weight. Some chairs are not recommended for users above a certain weight. Frequently inspect the chair for visible cracks and tighten all screws, bolts and adjustable knobs. If the chair is damaged or unstable, immediately remove it from service. Any information or suggestions concerning applications, specifications or compliances with codes and standards is provided solely for your convenient reference and without any representation as to accuracy or suitability. Global disclaims any legal responsibility. The user must verify and test the suitability of any information or products for his specific application. Global reserves the right to change the Terms and Conditions in the list price book without notice.

This list price book is effective as of January 1, 2025.

For periodic updates, please check the list price book PDF at officestogo.com. Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original Purchaser.

OFFICES TO GO LIMITED WARRANTY

Global warrants that all commercial products are free from defects in material and workmanship. Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty.

Global makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Global be liable in either tort or contract for any loss or direct, special, incidental, consequential or exemplary damages.

Textiles and Finishes

Please refer to our website at officestogo.com for detailed information on cleaning and disinfecting procedures. Improper usage of disinfecting/cleaning products may void the warranty. Global textiles and finishes are updated periodically to meet the demand and trends of the market. As a result, some textiles and finishes may be discontinued by Global or the manufacturer. In the event that a textile or finish is discontinued, Global will make every reasonable effort to provide an alternative product(s) of comparable function.
