Think Global. Think Green.

The Environment — We believe now more than ever, that it is our responsibility to protect the environment and our precious natural resources for future generations. The growing importance of energy and environmental concerns continues to challenge us in this ever changing marketplace.

As an industry leader, Global continues to take proactive steps towards reducing the negative impacts on the environment. We are building “healthier” offices; investing in Research & Development and new technologies; reducing waste and the consumption of energy; and improving the quality of the air we breathe, all which can have a significant impact on our quality of life.

Global's recycled fabrics offer affordable, environmentally responsible alternatives to commercial textiles. We recycle 35,000 lbs. of fabric off cuts.

Epoxy powder coating process is solvent free. No harmful VOC's or lead. No toxins are released into the atmosphere.

Global has the products and resources to help your projects achieve LEED certification.

New technology allows us to reduce glue usage by 50%. In addition, our water based glue reduces emissions and requires less energy to apply.

Greenguard Certification

The GREENGUARD mark means that a product has been tested using stringent environmental chamber methods and found to meet GREENGUARD's Indoor Air Quality Standards. GREENGUARD Certified Products are low emitting and contribute minimal levels of pollutants to indoor environment.

Level Certification

level™ certification, based on the ANSI/BIFMA e3-2012 furniture sustainability standard, sets furniture manufacturers on a path toward greater sustainability over time. Based on environmental and social criteria set forth in the standard, a product's entire supply chain is assessed.

What's covered under the Global Lifetime Warranty?

Global's Lifetime Warranty covers manufacturer defects for seating, desks, tables, panels, metal storage and filing... everything you would need in a contract work environment covered for the life of the product.

NO WORRIES on plastic components, casters, glides, pneumatic cylinders, arm structures, arm caps and bases

NO WORRIES on drawer slides, trays, locks, keys, metal legs and grommets.

NO WORRIES on panel frames, edges and work surfaces.

For complete details, visit www.globalfurnituregroup.com.

What's covered under the Offices to Go® 5 Year Warranty?

Offices To Go® warrants its products to be free from defects in material and workmanship subject to the limitations below.

Under this warranty, claims must be made within the following periods from the original date of purchase: (a) non-moving parts are warranted for five years; (b) drawers, slides, leveling glides, locks, and other moving parts are warranted for two years; (c) gas cylinders, mechanisms, and other moving parts are warranted for two years; (d) upholstery materials and foam are warranted for two years.

Desking and Tables warranty is based on an eight hour, single shift workday. Seating warranty is based on an eight hour, single shift work day for users weighing up to 250 pounds. NOTE: Select light duty stacking chairs; OTG11696, and OTG11697, are warranted for users weighing up to 200 pounds.

Height adjustable bases (OTGHABASE2) electric motors, controllers and moving parts are warranted for 5 years. Height adjustable base warranty is based on an eight hour, single shift work day and maximum lifting capacity of 220lbs.

For complete details, visit www.OfficestoGo.com.

 • Height and width adjustable arms (AS) that feature a front to back sliding armcap
 • Fog Frame
 • Fusion, Graphite (FU81)
 • Fusion, Carbon (FU85)
 List Price **\$788**

A Tilt Tension
 Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B Chair Tilt Lock
 Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height
 Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height
 Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth
 Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle
 Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height
 Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

L Synchro-Tilt Movement
 Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge
 Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions
 Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms
 Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R Arm Rotation
 Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement
 Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment
 Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

List Price ***976**

A Tilt Tension

Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B Chair Tilt Lock

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height

Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

L Synchro-Tilt Movement

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge

Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions

Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R Arm Rotation

Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment

Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

- Arms are durable fiberglass reinforced nylon, fixed height. Armcaps are durable polyurethane (SSU), soft and warm to the touch.
- Stocked in Black (BLK).
- (C1) casters are standard.
- Urban, Black Coal (UR22)

List Price ***596**

A Tilt Tension
Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B Chair Tilt Lock
Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height
Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height
Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth
Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle
Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height
Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

L Synchro-Tilt Movement
Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge
Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions
Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms
Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R Arm Rotation
Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement
Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment
Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

Terms and Conditions

• All product series have MAXIMUM order quantities which can be fulfilled within the 2 Day Lightning program. These are noted next to each series. For greater quantities, please contact CustomerCare for lead times and terms.

- Orders must clearly state, "2 Day Lightning" at the time of submittal
- Program is limited to exact models within series listed above
- Program is limited to exact textile

patterns listed and exact colorways carded

- Orders cannot be changed or canceled after order acknowledgment
- Current Global list pricing applies at the time of order
- All eligible models are UPSable; Global reserves the right to ship "best way"
- Bakhita, Popcorn, Duet and Sonic models may be multiple packaged and shipped "best way"
- Orders must be clean with correct model numbers, options, textiles,

correct pricing, etc., to apply

- Dealer must be in good standing and within terms for order to be processed without delay
- Finished products will ship from our factories in as little as two business days.
- Program available in the 48 contiguous United States
- Orders to ship outside Global's distribution model; order shipment address can be to the dealer or end-user directly

- Standard model options listed under Optional Features section in the price list are available. Standard model options include aluminum bases, painted frame finishes, ballistic nylon backs, glide options and hard surface casters. Memory Foam as a standard option is not available (standard lead-times apply).

work space + meeting areas

Zira

Zira offers hundreds of mix and match components to meet any design specification. Components can be freestanding for single workstation configurations, or brought together to form multiple work groups.

Silver bar handles (HQ) come standard on our stocked product. Locks and hardware feature a matching silver finish.

Available immediately in the following finish:

ACJ Absolute Acajou

HQ Handle

1" thick (A3) worksurfaces feature Global's preferred edging in a matching color.

Run-off surfaces feature a silver metal leg with 1/2" adjustable glides.

Genoa — LIMITED AVAILABILITY WHILE INVENTORY REMAINS

Work with ease and privacy, even in high traffic office environments. Genoa's extended corner island offers users an ergonomically correct Executive suite with ample area for computers of various sizes and shapes, in addition to everyday work materials, while providing an oversized worksurface for conferencing.

1" thick worksurfaces feature self-edging in a matching color.

Lateral files include black pulls and hardware.

File drawers accommodate letter and legal files with standard locks on all pedestals.

Intelli Beam™ with Foli Height Adjustable Tables

Intelli Beam brings forward a new era of open plan environments.

18 x 60 Starter Extension Kit

Starter fabric extension kits include a tackable fabric panel and appropriate hardware to "stack-on" to existing starter kits (IBBSU2460S). The extension kit adds to the height of the beam, providing a greater sense of privacy, space division and some sounds absorption.

Intelli Beam includes two knockouts for duplexes and one knockout for data.

The basefeed powers 4-circuits in a 2+2 electrical configuration (2 utility circuits and 2 dedicated circuits). This must be specified with an IBBSU2460S - this will then power the starter kit and any add-on kit connected to it. The base feed must be hardwired to the building power supply by a licensed electrician.

T-leg with adjustable glides

24 x 60 Starter Beam Kit

The starter kit includes everything you need to create a 2-person workstation (acts as a freestanding piece), or to start a run of more workstations. Just specify duplexes and a basefeed separately to get up and running.

List price as shown **\$4745**

List price as shown **\$5343**

18 x 60 Add-On Extension Kit

Add-on fabric extension kits include a tackable fabric panel and appropriate hardware to "stack-on" to existing add-on kits (IBBAT2460S). The extension kit adds to the height of the beam, providing a greater sense of privacy, space division and some sounds absorption.

24 x 60 Add-On Beam Kit

Add-on kits includes all the pieces required to expand upon the starter kit. Add one additional add-on kit for a 4-pack, two add-on kits for a 6-pack or three for an 8-pack. Add-on kits must be used with one starter kit. Specify duplexes separately.

List price as shown **\$8710**

INstock components

IBBSU2460S

 Mesh Back Tilter
 Dimensions: 27w x 25d x 38h
 Ergonomic Features: A, B, C, H, M, N, S

- Black mesh back with patterned Black fabric seat
- Pneumatic seat height adjustment
- Height adjustable arms with titanium accents
- Single position tilt lock with tilt tension adjustment
- Twin wheel carpet casters
- Soft casters (OTG10701) are available (page 171)

List Price **\$488**

A Tilt Tension
 Increase or decrease to match body weight. Allows you to rock comfortably, reducing muscle fatigue.

B Chair Tilt Lock
 Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height
 Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height
 Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth
 Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle
 Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height
 Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

L Synchro-Tilt Movement
 Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge
 Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions
 Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms
 Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R Arm Rotation
 Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement
 Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment
 Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

OTG11685B - page 103

 List Price ***106**

A Tilt Tension
 Increase or decrease to match body weight. Allows you to rock comfortably, reducing muscle fatigue.

B Chair Tilt Lock
 Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C Seat Height
 Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D Back Height
 Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E Seat Depth
 Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G Back Angle
 Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H Arm Height
 Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

L Synchro-Tilt Movement
 Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M Waterfall Seat Edge
 Reduces pressure at the back of the knee, contributing to good blood flow.

N Properly Contoured Cushions
 Support the body effectively, allowing you to sit longer without discomfort.

Q Width Adjustable Arms
 Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R Arm Rotation
 Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S Center-Tilt Movement
 Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V Lumbar Depth Adjustment
 Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

Offices to Go 2 Day Ship Seating Terms and Conditions

- All models have **MAXIMUM** order quantities which can be fulfilled within the OTG 2 Day Ship program. These are noted below each model. For greater quantities, please contact **CustomerCare** for lead times and terms.
- Orders must clearly state "OTG 2 Day Ship" at the time of submittal.
- Program is limited to certain Fabrics and Luxhides shown on pages 204-205
- Orders cannot be changed or canceled after order acknowledgment.
- Current Offices to Go list price applies at time of order.
- All eligible models are UPSable; Offices to Go reserves the right to ship "best way."
- Order must be clean with correct model numbers, options, textiles, correct pricing, etc. to apply.
- Dealers must be in good standing and within terms for order to be processed without delay.
- Program available in the 48 contiguous United States.
- Order shipment address can be to the dealer or end-user directly.

OfficestoGo Superior Laminate Workspace Solutions

- Five contemporary finishes include Autumn Walnut (AWL), American Mahogany (AML), American Dark Cherry (ADC), American Espresso (AEL) + Artisan Grey (AGL) all accented with 3mm matching impact resistant edges.
- Box and file drawers feature full extension ball bearing drawer slides.
- Lateral files and file/file pedestals come equipped with a mechanical safety interlock.
- Pedestals, lateral files + multi-storage files are designed to connect to the appropriate desk, credenza + return shells.
- Metal pins + cam fasteners are designed for easy assembly (where applicable). Metal brackets (where applicable) are also included for additional strength and rigidity.
- Autumn Walnut (AWL), American Espresso (AEL) + Artisan Grey (AGL) are standard with silver handles. Black handles optional (an upcharge applies - see page 192 for more information).
- American Mahogany (AML) + American Dark Cherry (ADC) are standard with black handles. Silver handles optional (an upcharge applies - see page 192 for more information).

Features

Black grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches. Silver grommets optional (an upcharge applies - see page 191 for SLGRSIL).

Top quality full extension ball bearing slides on all box and file drawers.

Black handles standard on AML + ADC. Silver handles optional (an upcharge applies - see page 192 for SLHDSIL).

Silver handles standard on AWL, AEL + AGL. Black handles optional (an upcharge applies - see page 192 for SLHDBLK).
