- Don't tighten all screws/bolts until all completely assembled.
- It is recommended to require 2 persons to complete the assembling.

## Wall Mounted Cabinet with Laminate Doors

LO2/08-22

### STEP5

Remove "J" brackets located at the back of the unit.

### STEP6

Position "J" brackets as desired height on wall. Once level, mark holes for drilling.

### STEP7

Care should be taken to mount the units. Units should be mounted to wall studs using correct fasteners. Failure to do so may result in collapse of the unit and subsequent personal injury. Mounting hardware not included. Mounting hardware used should be based on wall material. Consult an installation professional for proper wall mounting.

### STEP8

Secure bracket to wall as shown (slope toward wall.)

Lift cabinet into position and allow to rest on "J" brackets. 2 people recommended for this step.

### IMPORTANT NOTE:

- It is advisable to assemble unit on a carpet to avoid scratch.
- Check to be sure that you have all parts and hardware.
- Don't tighten all screws/bolts until all completely assembled.
- It is recommended to require 2 persons to complete the assembling.
